PROFESSIONAL SUMMARY

Graduating Computer Science student with foundational knowledge in web development using PHP, Laravel, PostgreSQL, and native CSS. I am familiar with MVC architecture, CRUD operations, and responsive web design. Highly motivated and eager to learn, with strong skills in organizing and refining technical documentation. Seeking an OJT placement to gain hands-on experience, contribute to team projects, and further develop technical and professional skills.

EDUCATION — DATE

Bachelor of Science in Computer Science, **June,2025**
Philippine Christian University - Dasmariñas, Aguinaldo Hwy, Dasmariñas, 4114 Cavite

EXPERIENCE — DATE

Capstone Project – Web-Based Proficiency Exam System **Aug 2024 – May 2025**
Philippine Christian University – Dasmariñas

- **Organized and refined project documentation** (Chapters I–IV, appendices, definitions of terms, literature review) to meet academic and institutional standards.
- Consolidated inputs from team members and faculty feedback into a **cohesive, structured manuscript** aligned with ISO/IEC 25010 software quality model.
- Edited and formatted **technical descriptions of system modules** (CRUD operations, exam management, analytics, security protocols) for clarity and consistency.
- Prepared **formal figure descriptions, workflow diagrams, and algorithm explanations** (Greedy, Dynamic Programming, Fisher–Yates Shuffle) to support system integrity and fairness.
- Ensured documentation compliance with **professor requirements, manuscript standards, and College of Informatics guidelines**.
- Configured **Docker** containers to streamline local development environments and improve deployment consistency.
- Designed user interfaces and prototypes using **Figma**, applying UI/UX principles to create responsive and user-friendly layouts.
- Collaborated with peers to translate design mockups into functional web components, ensuring alignment between design and implementation.

SKILLS

| HTML5 | CSS3 (Native CSS) | JavaScript (Basic) | PHP | Laravel | Laravel Herd | PostgreSQL | MySQL | Git & GitHub | Responsive Web Design | MVC Architecture | CRUD Operations | Figma (UI/UX Design) | Cybersecurity | Docker |
